Just hold on a little bit longer
I can almost see it from here
Just step over that next bump in the road
I swear I'll take you there
I can almost see it
We can't let this place wear us down
Like so many times before
Cause I got a feeling like it's all my fault
And I don't wanna feel that way no more

Cause I can almost see it
I can almost see it from here
I can almost see it
I can almost see it
From here we stand
On that ledge again
Come to far
I'm never going back
I'll never turn my back
I'll never turn my back again

How many times have I told you
All those words got so old now
Cause you've been gone so long ago
Every time I fall down
Can't believe you're still around
After all those these I done

Cause I can almost see it
I can almost see it from here
I can almost see it
I can almost see it from

Just hold on a little bit longer
