Well you think by now  
That I'd be rid of this rage  
Now looking through the motive  
Behind each new face  
But after 15 years of coming up for air  
Yea it's three AM and you're drunk again  
You burned every bridge behind every friend  
Ya burned out like your last cigarette

And they ain't coming back  
They ain't coming back

Every time ya got close  
Ya got messed up  
Moving out West didn't help that much  
Yea I guess it's still left but at least now you're gone  
Why'd ya have to stick that junk in your veins?  
I saw the faces of your family but I couldn't explain  
Why you're gone and why you ain't coming back  
You ain't coming back  
You ain't coming back

Tattooed hearts and broken promises  
Where did they go?  
Tattooed hearts and broken promises  
Yea it's something we all know

He ain't coming back  
She ain't coming back  
They ain't coming back  
She ain't coming back  
He ain't coming back  
They ain't coming back  
He ain't coming back  
She ain't coming back  
They ain't coming back  
He ain't coming back  
She ain't coming back  
They ain't coming back

Tattooed hearts and broken promises  
Where did they go?

Tattooed hearts and broken promises  
Yea it's something they all know

Tattooed hearts and broken promises  
Where did they go?  
Tattooed hearts and broken promises  
Yea it's something we all know
