

Death Before Dishonor "Curl Up And Die"

Visit "[Curl Up And Die](#)" on MotoLyrics.com

The worlds turned over
And Iâ€™m waiting to fall
A day without rain
Is day I canâ€™t recall
My sanity uproots
And I try to stay strong
But when lightning strikes
It all goes wrong
Stop and think and remember why
If we were meant to love
Then I will never love again
I canâ€™t erase all the things that I regret
I canâ€™t go back in time
And take back all the shit that I said
I canâ€™t erase all the things that I regret
I canâ€™t go back in time and take
Back all the shit Iâ€™ve said
I have grown so empty inside
Iâ€™ve got to rise
I wonâ€™t curl up and die
I feel the weight itâ€™s crushing my back
My legs are weak and I canâ€™t turn back
The pain brings hate inside
It makes me strong
And I wonâ€™t curl up and die
