

Death Before Dishonor "Nowhere To Turn"

And with the best of times
Just comes more miserable days
Let is decay my mind
Leave me in a cloudy haze
I can't seem to fill this void in me
So I'll just keep avoiding reality
I can't seem to fill this void in me
So I'll just drown in misery
I think but don't fear
I act but don't care
I think but don't know
I act but not for show
Sometimes I just can't stand
To see or hear
Spiral downward
Always end up nowhere
I've let my mind decay
I won't see the glory days
I'll fall too soon
I know you feel it too
