How I wish you could see the potential,
the potential of you and me.
It's like a book elegantly bound but,
in a language that you can't read.
Just yet.

You gotta spend some time, Love.
You gotta spend some time with me.
And I know that you'll find, love
I will possess your heart.
You gotta spend some time, Love.
You gotta spend some time with me.
And I know that you'll find, love
I will possess your heart.

There are days when outside your window
I see my reflection as I slowly pass,
and I long for this mirrored perspective
when we'll be lovers, lovers at last.

You gotta spend some time, Love.
You gotta spend some time with me.
And I know that you'll find, love
I will possess your heart.
You gotta spend some time, Love.

You gotta spend some time with me.
And I know that you'll find, love
I will possess your heart.
I will possess your heart.
I will possess your heart.

You reject my... advances... and desperately...
I won't let you... let me down... so easily.
So easily.

You gotta spend some time, Love.
You gotta spend some time with me.
And I know that you'll find, love
I will possess your heart.
You gotta spend some time, Love.
You gotta spend some time with me.

And I know that you'll find, love
I will possess your heart.
You gotta spend some time, Love.
You gotta spend some time with me.
And I know that you'll find, love
I will possess your heart.
I will possess your heart.
I will possess your heart.
