There's no eye in the sky  
Just our love  
No unobstructed view, no perfect truth  
Just our love, just our love

And there's no verse, no monument of words  
For our love  
For they can't hold all I know about my love  
About my love

Storm clouds break  
Pools remain memories for  
Earth embrace, evaporate up above  
They become new love, new love

There's no eye in the sky  
Just our love, just our love  
No unobstructed views, no perfect truths  
Just our love, just our love
