I'm having dreams about you  
I wanna scream about you  
I'm having dreams about you  
I wanna scream about you

Everything you've done

You were the girl who seemed to own the world  
And everything was about you  
I took a chance to call you my own  
I didn't know a thing about you

I thought you could love  
What a fool I was

What's going on, I was just singing my song  
Something mad about you  
I took it wrong, you liked my song  
Why couldn't I have you?  
Crazy dream, you done me wrong, left me long  
I couldn't stand a chance without you

You said that love was dead and in my head  
I just couldn't believe it  
And on the phone, you said  
You never knew me at all

I thought there was love  
What a fool I was

And everything was in hypo chains  
Just like an old time movie  
I don't understand, can't comprehend  
I guess it doesn't really matter  
And every dream a nightmare  
Nothing really matters

I thought I was loved  
What a fool I was

I'm having dreams about you  
I'm having dreams about you

I'm having dreams about you  
I'm having dreams about you
