

## Death Cab For Cutie "You Can Do Better Than Me"

Visit "[You Can Do Better Than Me](#)" on MotoLyrics.com

We're starting to feel  
We stayed together out of fear  
Of dying alone  
I've been slipping through the years  
My old clothes don't fit like they once did  
So they hang like ghosts  
Of the people I've been

It's like my heart can't take  
My fall in love every day  
And I feel like a fool  
I have to face the truth  
That no one could ever look at me like you do  
Like I'm something worth holding on to

These times I think of leaving  
But it's something I'll never do

'Cause you can do better than me  
But I can't do better than you  
*[repeat]*
