You wanna step up, well step up you got to,
Get your game on, game on, game on
You wanna step up, well step up you got to,
Get your game on, game on

Watch out now, can't you hear me coming through,
Into the discotech, me, myself and my crew,
She used me for a night on the bright lit London town,
But I'm so lonely, I don't care, I really need her now,
So come on Stephanie,
So come on Stephanie,
Runaway with me

Dr. King, please write me a note saying
that I'm dying, the pain of lies excruciating
Dr. King, please write me a note saying
that I'm dying,
Don't leave me behind, don't leave me behind

She doesn't like the gifts that I'm offering
so tacky, sleavy, greasy, now he's slobbering down her
neck,
She pushes me away, becoming more desperate he
decides to say
I love you Stephanie
I love you Stephanie
Run away with me

Dr. King, please write me a note saying
that I'm dying, the pain of lies excruciating
Dr. King, please write me a note saying
that I'm dying,
don't leave me behind, don't leave me behind

The lights, her face, the beat, the bass,
my heart, will race, faster in pace

The lights, her face, the beat, the bass,
my heart, will race, faster in pace

The lights, her face, the beat, the bass,

my heart, will race, faster in pace

The lights, her face, the beat, the bass,
my heart, will race, faster in pace
Come on Stephanie runaway with me

The lights, her face, the beat, the bass,
my heart, will race, faster in pace
Come on Stephanie run away with me

Dr. King, please write me a note saying
that I'm dying, the pain of lies excruciating
Dr. King, please write me a note saying
that I'm dying,
don't leave me behind, don't leave me behind

You wanna step up, well step up you got to,
Get your game on,game on,game on
You wanna step up, well step up you got to,
Get your game on,game on
