

## Death Du Jour "Triangle Gallows"

Visit "[Triangle Gallows](#)" on MotoLyrics.com

Downpour and down under to belong the limbo  
Symbol of hanging in triangle gallows for a copper

Titles many as expiring cases  
Gallows many as gales  
Reflections many as azures

Eyes deep in sockets here in oblivion groping  
Eyes for crows, gallows roots down under all above  
Away the universe where opium derivate is faith. Away

Every moment takes a wound, last one takes life  
Every moment is a new wound.  
Fortune is nothing  
Colour is dead  
Fortunate no one before dead
