I remember how I hated you,
When you treated me that way,
But what I didn't really knew,
Was that I paid the same price I made you pay.

And then I saw you on the bar, standing there alone,
Was it right, was it wrong?
I decided just to let it go,
You became part of my song.

Then I found out you where my man,
The only one I could understand,
A lost soul as mine,
So c'mon baby, let's drink another cup of wine.

Now I could stare at you for hours,
Hear your voice, your joys and pains,
Smile you back when we are together,
Be your umbrella when it rains.

I'm trying just to tell you that I love you with no words.
It's even harder when I have to leave,
And try to make that time last long, yeah, last long.
Try to make that time last long, with fairy tales of
dragons, princess and swords.

I would like to kiss you deadly,
To bite you and leave you a scar,
Hold you when you are cryin',
Back again in that old bar.

I wish I could chain you to my heart,
Tell you I need you as you said to me before.
Fill you up with the dirtiest pleasures
Be only yours forever more.

But you just need to wait,
Need to wait a little bit,
I make it for you,
Hey boy! It ain't for me.

Cause you still have some old wounds,

You need to repair,
I have to give you a lit bit of time,
Be sure I will be there, yeah, I will be there.

I'm trying just to tell you that I love you with no words.
It's even harder when I have to leave,
And try to make that time last long, yeah, last long.
Try to make that time last long, with fairy tales of
dragons, princess and swords.
