Love letters written in lipstick.
The case is closed and I'm covered in your fingerprints.
Lay right here with me tonight.
The sun is coming up, I've got a perfect view.
I've got the day planned out, even thought it through.
Oh, baby, teach me something I never knew.
Like a diamond in the rough, I'll shine for you.

And I'll chase you into the dark
With such grace
It's never been this hard.
I've never fallen.
I've never fallen faster.
And I'll chase you into the dark (And I believe it,)
With such grace (Is it true? Cause if you mean it...)
It's never been this hard.
I've never fallen.
I've never fallen faster.

Let's hit the town, parade every avenue.
Let's burn it down, forget all we ever knew.
Let's flee from these city lights,
Under cover, out of sight, and out of mind
Where I can give you all of my time.
Oh, baby, teach me something I never knew.
Like a diamond in the rough, I'll shine for you.

And I'll chase you into the dark
With such grace
It's never been this hard.
I've never fallen.
I've never fallen faster.
And I'll chase you into the dark (And I believe it,
With such grace (Is it true? Cause if you mean it...)
It's never been this hard.
I've never fallen.
I've never fallen faster.
