Well, I can't understand what goes on in my mind  
I can't explain it but at times it makes me blind  
And when I'm feeling blue, a thought of you  
Will make me feel just fine

I'm getting older, a little colder some may say  
I want to hold her, can't control her till this day  
Now I'm suffering in blood and sin and I really blewed  
my mind  
I'm under pressure 'cause you're the one that I don't  
wanna kill

Well, she can't understand what goes on in my mind  
I can't explain it but at times it makes me blind  
And when I'm feeling blue, a song or two will make me  
feel just fine  
I'm under pressure 'cause you're the love that I don't  
wanna kill  
I'm under pressure and you're the love and I don't  
wanna kill

Where are you now when I need you, darling  
Where are you now, that I am lonely  
Where are you now, that I have fallen  
Where are you now?

I've got a bad case of you, I've got a bad case of you  
I've got a bad case of you that I don't wanna lose  
That I don't wanna lose

Well, I can't understand what goes on in my mind  
I can't explain it, but at times it makes me blind  
And when I'm feeling blue, a thought of you  
Will make me feel just fine

I'm getting older, a little colder some may say  
I want to hold her, can't control her till this day  
And now I'm suffering in blood and sin and I really  
blewed my mind  
I'm under pressure 'cause you're the love that I don't  
wanna kill  
I'm under pressure and you're the love and I don't

wanna kill

Where are you now when I need you, darling  
Where are you now, that I am lonely  
Where are you now, that I have fallen  
Where are you now?

I've got a bad case of you, and I've got a bad case of  
you  
And I've got a bad case of you, that I don't wanna lose  
That I don't wanna lose, that I don't wanna lose  
That I don't wanna lose, that I don't wanna lose, yeah
