Hey you there, I see your stare, again I'm lost in your eyes
In time of need, this time indeed, you are my only friend
I won't let them see, inside of me, well, again I've lost all control
I couldn't hang on, the pain was too strong, alone against the wind
And I won't fly, I couldn't hang on, the pain was too strong
Alone against the wind

Take this place, it's all erased, with the still and softness of lie
This time I bleed, with broken dreams, you rip away my skin
Can they see, inside of me, well my friend I bought the whole lie
I couldn't hang on, the pain was too strong, alone against the wind
And I won't fly, I couldn't hang on, the pain was too strong
Alone against the wind

Give it to me, one more time, so I can fail
And please stop the pain in my heart
And give it to me, one more time, so I can fail
And please stop the pain in my heart

Hey you there, I see your stare, well again I've tasted your lies
In time of need, this time indeed, you are my loaded gun
I know you see, inside of me, well again I've chosen it's done
I couldn't hang on, the pain was too strong, alone against the wind

Give it to me, one more time, so I can fail
And please stop the pain in my heart
And give it to me, one more time, so I can fail
And please stop the pain in my heart
