[Bonus Track]

Children, babies and boys  
That live in this century  
Want to destroy  
All that is possible  
With their evil minds  
With their sharpest knives  
And horrible eyes.

Nazi babies with cadaver eyes  
Emerge from the ocean  
To bring destruction  
Life crazy monsters  
With countless tentacles  
Advance in the darkness  
On a hopeless night.

They leave the message of their evolution  
The scheme of a life  
Based on our death  
They have no feelings  
And no human genes  
They're only machines  
Come forth from our dread.

Humanity needs new generations  
So don't be surprised by their horrible eyes!

"...And then came the beast that rose from the  
Abyss, like a big dragon with the colour of fire  
With seven heads and ten horns, with seven diadems  
Over the heads. His tail fascinates the third part  
Of the stars, and makes them fall down to mother  
Earth. The big dragon gave birth to his sons,  
Destined to rule all the nations, with horrible  
Eyes and a bar of iron, to snatch from God his throne!"
