

Death Threat "Known All Along"

I thought I saw it in your eyes
I didn't realize who would've guessed it
maybe I should have known all along!
how could I miss it, am I so fucking blind,
the same way I missed it
when I was just a child,
I've seen the life that it takes,
pain that it gives,
life that it drains,
when will you learn something's got to change,

I wish I could change it for you,
you've got to make those changes yourself.
I wish I could help you
you've got to help yourself.
I have you all that I got
there's nothing left to give!
if I could give you my life I would
but first you've got to find the will to live
