

## **Death Threat "Last To Know"**

Visit "[Last To Know](#)" on [MotoLyrics.com](https://MotoLyrics.com)

This world is ignorant,  
We're digging our own graves,  
They only tell us what they want,  
but we're the ones who pay the price!  
All the lies and the bullshit, it's gotta stop,  
too little too late, we find out the bomb's already  
dropped.

We're buried to our necks in lies  
we're still holding on,  
now we're trying to dig ourselves out,

we've only just begun  
when something really happens  
we'll be the last to know  
because they don't give a fuck about you or me!  
We'll be the first to go,  
we want some answers,  
we want a little truth,  
because we don't know who to trust anymore  
we want some living proof
