My world is not
What it used to be
I see my life changing
Without asking me
The friends I draw
So very close to me
Re-arranging
What I need to see
WELL EVERYTHING IS NOTHING TO ME
I'LL BE EXACTLY WHAT I NEED TO BE
If you'd come through
Like you said you would
We wouldn't be here
It would be all good
But promises
Well you can keep
They don't pay the rent

And they won't help me sleep
WELL EVERYTHING IS NOTHING TO ME
I'LL BE EXACTLY WHAT I NEED TO BE
We had some dreams
They all fell through
I don't blame me
I don't blame you
It looked so good
Could've been just fine
Look after yours
And I'll look after mine
WELL EVERYTHING IS NOTHING TO ME
I'LL BE EXACTLY WHAT I NEED TO BE
