Just sleep  
And I'll reset your head  
Just sleep  
Is what the bad men said  
Just Sleep  
It's the ultimate med  
But I didn't take a thing  
And they all just went away

The heat death  
Of the universe  
We'll watch the show  
Come and lie down next to me  
The heat death  
Is only getting worse  
So let's kill  
Some energy

Just keep  
Bursting your stitches when you fight  
Just keep  
Screaming when you wake at night  
Just keep

Proving all the imbeciles right  
Well I didn't change a thing  
And they all just went away

The heat death  
Of the universe  
We'll watch the show  
Come and lie down next to me  
The heat death  
Is only getting worse  
So let's kill  
Some energy

We die  
And I get up again  
We die  
And none of this ends  
We die

And it doesn't change a thing  
But if I push this button  
Then you all just go away
