Save me save me from you

I don't wish for nothing new

Just a hole to hide me

Hide me from view

Hold me hold me so tight

I don't wish for second sight

Just a look to tell me

Tell me I'm all right

Hell is on the way

Hell is on the way down to meet you

Never find a way

Never find a way to defeat you

Hell is on the way

Hell is on the way down to meet you

Never find a way

Never find a way to complete you

Push away through this feeling

Break and space Me from...this box

Squeeze this void in...to meaning

I am yours Not mine...still lost

Know me know me so well

I don't wish for soul to sell

Just a word to fix my

Fix my broken shell

Show me show me a sign

I don't wish for you to shine

Just a touch to show me

Show me I'm fine

Hell is on the way

Hell is on the way down to meet you

Never find a way

Never find a way to defeat you

Hell is on the way

Hell is on the way down to meet you

Never find a way

Never find a way to complete you

Hurt me hurt me no more

I don't wish for seasoned whore

Just a kiss to keep me

Keep me secure

Make me make me so black

I didn't wish for solid facts

Just a hole to lose me

Lose me intact

Take me take me away

I don't wish for brighter day

Just a voice to grant me

Grant me my say (tell me I'm alright)

Push away through...this feeling

Break and space Me from...this box

Squeeze this void in...to meaning

I am yours Not mine...still lost
