Sickness took it's place in the crypt down below  
Worship the flesh of the dead, worship the power it  
holds  
Possessed cryptic legions, disciples of the death  
The rite of the blood, oath of the damned

Corpse! is under the knife  
Meat! from the lord beyond  
Blessed are the sick  
Life... after death

We're gathered here tonight in the chapel of the ghouls  
To perform this unholy rite, heathen carnivore gore  
Powers shall be ours soul will be captured  
Tortured with endless pain into pain divine

Corpse! is under the knife  
Meat! from the lord beyond  
Blessed are the sick  
Life... after death

Deadmeat disciples, supreme occult  
Deadmeat disciples, nocturnal breed

Harvest of flesh in the well of souls  
Witchery in this godforsaken tomb  
When blood absorbs to the soil the dead shall rise  
Skin is resurrecting around the rotten bones

Deadmeat disciples, supreme occult  
Deadmeat disciples, nocturnal breed  
Deadmeat disciples, possess the earth  
Deadmeat disciples, oath by blood

Legions conjured their evil spells  
Devilry is cast upon the dismembered ones  
When blood absorbs to the soil the dead shall rise  
Skin is resurrecting - deadmeat disciples
