Trapped in by panzers in 1942  
Allied troops forced under siege by the axis  
Blitzkrieg doom tigerpanzers spitting death  
Afrika korps unleashed in for the kill

Devastating force superior tanks of the iron fist  
Cunning assaults renewed the rules of war  
Ordered to kill for the iron cross  
A ruthless massacre for the legions blood-stained

Crawlers ripping flesh as they rush thru the lines  
Battalions of wehrmacht commands from ss  
Explosions of horror the panzers of doom  
The desert rats their lines will fall soon

Devastating force superior tanks of the iron fist  
Cunning assaults renewed the rules of war  
Ordered to kill for the iron cross  
A ruthless massacre for the legions blood-stained

Panzer holocaust - horrors of the war  
Panzer holocaust - horrors of the war

[Solo: Turbo J-V]

Total destruction as they rush thru the mines  
Infantry dies in deadly rapid fire  
Bloody furrows filled with headless soldiers  
Bunkers chrushed down by the tanks from hell

Panzers roaming thru death so vile and cruel  
The desert war it shows no mercy gory is the sand  
Pride is just for fools who face the deadly tools  
Of reign of terror fear and war  
It's panzer holocaust

Reign of terror, fear and war  
It's panzer holocaust
