Attack! legions of scavengers, are descending from below

Swarm! unholy killing fields, beginning of the end  
Feast with human flesh and rip the bloody carcass  
Then peck the sewn shut eyes  
Death falls from the sky, there is no salvation  
They're here to take our lives

Enraged by their bloodthirst, nesting in the dark  
Sharp claws filled with poison, infected by rabies...  
Infected... by rabies...

Slayers from beyond, the attack burst of vultures  
It never seems to end  
Servants nailed to the cross, to beg some help from heaven  
By self induced pain

Rabid vultures! rabid vultures!  
Sick, bloodthirsty, unholy rabid vultures!  
Creeping, gluttoning, mental rabid vultures!

Intestines fill the land, skulls and broken bones  
Scavenging rotten flesh, swarming in the sky

[Solo: jee-vee hell]

Swarming... scavenging...

Vultures! seasons of the dead, the harvest of the flesh  
Death! the last inhabitant, who shall rule this land  
Feast with human flesh and rip the bloody carcass  
Then peck the sewn shut eyes  
Death fell from the sky, there was no salvation  
Our blood stains the land

Intestines fill the land, skulls and broken bones  
Scavenging rotten flesh, swarming in the sky

Rabid vultures! rabid vultures!  
Sick, bloodthirsty, unholy rabid vultures!  
Creeping, gluttoning, mental rabid vultures!
