Fields are white in snowy spring and I can't remember  
The last time that I've seen her  
The highway is still cold and wet and I can't forget  
The way I had to leave her

And every passing day  
She flickers and she fades  
Is someone to catch her  
When she falls from the Heavens?

And I'll love her yet, she has done me wrong  
And I'll bring her back, she has been long gone  
And I'll always be her broken hearted savior, yea

And every heavy night takes out  
The little life that's left within her  
Every man she gives her love, he takes it  
And leaves her with a dinner

Our love was once a flame  
Now I'm just a forgotten name  
Am I the only one to blame  
For having loving her?

And I'll love her yet, she has done me wrong  
And I'll bring her back, she has been long gone  
And I'll always be her  
Broken hearted savior, yes, yea, no, no, no

And I'll love her yet, she has done me wrong  
And I'll bring her back, she has been long gone  
And I'll always be her  
Broken hearted savior, yes, yea, no, no, no
