It's painful to realize, I've been on the back
I've been hypnotized a while
Troubled by the stack of untraveled miles
I found out too little, I found out too late
Cruel fate

Memories of what went wrong
Like a meteor returns to the home
Kinda steals away your life, away your song
I'll sing mine anyway, sing it
So called destiny

But you won't let it go
Until you win Miss Universe
And then you won't reap what you sow
There must be someone to blame, yeah
Cruel fate

If promises could punish you
If thoughts could do damage to you
You can run but they'll follow you

But you won't let it go
Until you win Miss Universe
And then you won't reap what you sow
But no one ever escapes
And we all suffer the same, we found out too late
Cruel fate
