Hey hey  
Rappin' with ya is all I got to get by  
Talkin' with ya is all I got to get by  
When you call  
When ya callin' me baby  
Conversation  
All your chit-chat is all I got to get by  
To keep me from missing your kiss and your smile  
Your back and your neck and your lips and your hips  
and your sultry eyes

Girl you know I hate it  
I hate it when you're gone

I can't fall asleep with the television on  
Words I left unsaid weigh on my mind  
I can't leave my bed and I can't seem to unwind  
Oh baby you must have left with my peace of mind

Girl you know I love it  
I love it when you're home  
You know we'll get it right when we're all alone  
Drive all night in the rain just for your smile  
Don't drift on don't move on let's just stay awhile  
Take it easy on me baby and stay awhile

Hey hey  
Rappin' with ya is all I got to get by  
Talkin' with ya is all I got to get by  
To keep me from missing your kiss and your smile  
Your back and your neck and your lips and your hips  
and your sultry eyes

Stars don't come and play out at night  
The world doesn't turn in the usual way and  
I can't keep myself upright  
Can't keep myself upright

Hey hey  
Oh no I hate it when you're gone  
Don't you know I hate it when you're gone  
Girl you know I love it when you're home

Talkin' with ya  
Rappin' with ya is all I got to get by

Conversation, elaboration is all I need to get by  
Oh, I hate it when you're gone  
Girl I hate it when you're gone  
You know I love it when you're home  
Girl I hate it when you're gone
