Well, I?m finished counting
Another game of hide and seek
I hear you running
I can feel your heartbeat now

There ain?t nothing that?s gonna keep me
From discovering
You know I?m panting
I?ll drink from your loving spring

Missing you is ecstasy
I see you in everything
Wanting you, ain?t suffering
I see you in everything

Understanding
Things ain?t what they seem to be
All my planning

Left me on the wrong street now
I don?t need another one who?s gonna shelter me
So come on, baby, the cabby is waiting
And the meter is on

Missing you is ecstasy
I see you in everything
Wanting you, ain?t suffering
I see you in everything

And if we hesitate, we might never know
So what if a heart should break
We?ve been there before
So let it grow

I turn around and then I find you
Lord, have mercy
I was looking in the wrong direction

Spellbound
Time reminds you
Now you better take it 'cause this loving is real

Missing you is ecstasy
I see you in everything
Wanting you, ain't suffering
I see you in everything
