I wanna drive it on over to you  
I wanna take you there but the time ain't right  
Can't sail it on over to you

I wanna glide it home but the wind ain't right  
Try to find a love that's strong and true  
I wanna to fly ward now but the sun won't shine

Love transmission  
Gonna grind them gears, I'm gonna burn it out  
Love transmission  
Down low engineer, gonna shake it out

Love transmission  
It's a new frontier, gonna work it out  
Gonna make them changes

I'm an outsider with the gold clipped wings  
I wanna shine for you but my battery died  
A lone blacksider but without the swing  
I wanna read to you by acetylene light

Love transmission  
Gonna grind them gears, I'm gonna burn it out  
Love transmission  
Down low engineer, gonna shake it out

Love transmission  
It's a new frontier, gonna work it out  
Gonna make them changes

May I reawaken as your cup of tea?  
Gonna satisfy you like the deep blue sea  
Reincarnated as love poetry  
Gonna sink into you like a submarine

Love transmission  
Gonna grind them gears, I'm gonna burn it out  
Love transmission  
Down low engineer gonna shake it out

Love transmission

It's a new frontier, gonna work it out  
Gonna make them changes
