

Deathlike Silence "They'll Eat Us"

Visit "[They'll Eat Us](#)" on MotoLyrics.com

Our days are numbered, one will be the last,
When lived lives start sliding to the past.
They await us then under the ground,
Those slimy creatures down there abound.

They'll eat us
Defeat us
They will feast with our rotting flesh
We're equal, one's sequel
Our white bones they will caress

The feasting starts when we are laid
To rest in our crowded grave.
In the end there's just a pile of bone,
Under cold and lonely headstone.

They'll eat us
Defeat us
They will feast with our rotting flesh
We're equal, one's sequel
Our white bones they will caress
