This night will realize your worst fears, bring to life your darkest dreams

Unholy power rising up, to meet your silent screams

If you let the ritual take it's course, light the candles, whisper the names

Soon you'll realize what it means, to take part in such a deadly game

Don't play with the Forces Of Darkness, it's something you can't understand

Invoke the power beyond and you'll be in it's command

Can't you see that you've been cast, in a fool's role

Don't play with the Forces Of Darkness, or you'll pay with your very soul

As the sacred words are spoken, the sacrifice of life is made

And blood falls down upon the altar, underneath the gleaming blade

And you who know so very little, will not realize before it's too late

Now very close you are to eternal damnation, how you are sealing your own fate

Don't you know, you fool, you'll lose your soul to Satan

You fool, you know, you're going to go to hell,

Don't you know, you fool, you'll lose your soul to Satan

You fool, you know, you're going to go to hell

Pure evil appears before you, roaring, terrifying to behold

Can't help but run from the place that's safe, to get away you forget all you've been told

And so you find you're at his mercy, summoned from the darkest depths of hell

Now to return but he'll take you with him, there'll be no one spared, this tale to tell
