Findin' a corner in a crowded room
Livin' on the dark side of the moon
My doctor said, "Son what's killin' you?"
He said, "You gotta bad case of the lonesome blues"

And you ain't lonely yet
You don't know how it feels
To have a broken heart
One that ain't never gonna heal

You ain't crying now
And I hope you never will
Try to be happy some how
It's easy to forget
You ain't lonely yet

I tried to call you about a hundred times
You sister says, you're gone and I hope she lyin'
You brother said, "Son, you better move along
'Cause everything you had is long gone ya?"

You ain't lonely yet
You don't know how it feels
To have a broken heart
One that ain't never gonna heal
And you ain't cryin' now
I hope you never will
It's easy to forget
But you ain't lonely yet

I'm tellin' you baby
You ain't lonely
You ain't lonely yet
You ain't lonely
You ain't as lonely as it gets
You ain't lonely yet

You ain't lonely
You ain't lonely yet
Can't you hear me sayin'?
You ain't lonely
You ain't as lonely as it gets

You ain't lonely yet
You ain't lonely
You don't know how it feels
You ain't lonely

To have a broken heart
You ain't lonely
One that ain't never gonna heal
And you ain't cryin' now

You ain't lonely
And I hope you never will
You ain't lonely
Try to be happy somehow
It's easy to forget
You ain't lonely yet
