Nothing is your's, You've got nothing to say  
Your thoughts belong to me Nothing is real  
You're living a dream I'll give you what you need  
What is true - what is a lie It's not for you to decide  
The things you see, the things you hear  
The things you feel, it feels so real

Domination - Is My Call  
Regulator - Of You All

No more time for mankind I win, You loose, Again  
Playing a game - feels so insane  
On this board you're detained  
Like a brick in the wall, on your knees you shall Crawl  
My wish is your command  
The things you see, the things you hear  
The things you feel, it feels so real

Domination - Is My Call
