Come with me, and you will see  
Your soul's mine and I'll free your mind  
You will fall down, and I'll come around  
A black hole, the remainings of your soul  
I see you fall, I watch you loose your soul  
I'll see you crawl Into the big black hole  
Now hear me...

We're off to Gideons again  
You'll become the Madmans henchman  
There is no heaven no hell  
We're off to Gideons again

Your heart's mine, this is your time  
You will crawl and I'll free your soul  
I see you fall I watch you loose your soul  
I'll see you crawl Into a big black hole  
Now hear me...
