"3 Riff Hit"

We bring the music
We bring the pain
We are crazy and bloodstained
We hit your club
There is no escape
We want your blood
And some bitches to rape
Drinking fuckin' beer
Totally drunken
Go bang your head
Start fuckin' jumping
I don't need no progressive shit.
All I need is a 3 Riff Hit
Electric guitars will scream
I'm drinking some Jim Beam
The beat is loud
A girl sucks my standing proud
No we are no fucked up progressive band
Straight Heavy Metal
for that we make a stand
No shitheads, no fuckin' lies
No Hip Hop or do you wanna die
I don't need no progressive shit
All I need is a 3 Riff Hit
