Yeah she likes the metal and the rock
And she likes sex and my big cock
And she likes it hard and she likes to roll
And she likes me and my big balls
She's my hot devil, straight out of hell
I'm obsessed, bound by her spell
Long legs, swinging her hips
I'm going crazy sucking her tits

When she's coming into the room
all men's eyes start to zoom
They like her tits and ass
Like she likes her sex toy out of glass
I keep her safe, that is my duty
She's my life, my wife, my beauty
I'm burning down in her sunshine
But I'm so proud she is mine

She's my Demon Lady
Hot Devil Baby
She's my Demon Lady
Hot Devil Baby
She's my Demon Lady
Nice bitch Rock'n'Roll
She's my Demon Lady
Breaking my balls
