Hey baby you want some fuckin' dick  
Just for fun, I've got a massive prick  
Heavy as iron, a brutal cock  
Standing hard as a fuckin' rock  
No mercy, you will get impaled  
Hooking on me, torturing me with your nails  
Rockin' me hard, holding me tight  
Take it in your mouth, kissing dynamite  
Feel the Hammer of the Blood God  
Hey honey, you like it like a bitch  
You got it as you deserve it witch  
In your ass between your tits  
I know you like it hard, you crazy fucked up chick  
Time for orgasm, you are getting loud  
Feel me rockin', shooting my load  
All on your face, feel it drip  
Down from your mouth straight to your tits  
Feel the Hammer of the Blood God
