A monster killing it's own kind.  
Only violence on it's mind.  
A 1000 billions dollars for weapons of war.  
Another million heads for the lord of gore.  
Another genocide out of spite.  
And the killers even think they are right.  
A whole industry is living off the fight.  
And there is no end in sight.  
Motherfucking hell  
Motherfucking hell  
Motherfucking hell  
Motherfucking hell  
Weapons of mass destruction.  
Biohazard, the end times.  
Like a film of science fiction.  
A city destroyed with an atomic bomb.  
Just another crowded tomb.  
Has Chambers of Auschwitz, the rape of hanjing.  
Afghanistan burns, the corpses stink.  
Just another war on the list.  
Politicians rule with and iron fist.  
Motherfucking hell!  
Motherfucking hell!  
Motherfucking hell!  
Motherfucking hell!  
Killing is our culture!  
Killing is our culture!  
Killing is our culture!  
Killing is our culture!  
Another time, another genocide  
Another frontline, another death to decide  
Yes we are mankind  
And we like the death of our own kind  
Killing is our culture!  
Killing is our culture!  
Killing is our culture!  
Killing is our culture!  
Motherfucking hell!  
Motherfucking hell!  
Motherfucking hell!  
Motherfucking hell!

Killing is our culture!  
Killing is our culture!  
Killing is our culture!  
Killing is our culture!  
Killing!  
Killing!  
Killing!  
Killing is our culture!
