Madness screams  
Of demon creatures  
With killing features  
The dark adept  
Is bonded by blood  
By our god  
He's creating monsters  
Warriors of iron  
And warped mother are crying  
Cruel and brutal  
Hate eternal  
Demons infernal  
Bringer of war  
Bringer of desecration  
Our commitment of mutilation  
We are death and sorrow  
Death mechanized  
We'll end humanity brutalized  
We make you bleed  
We are warriors of steel  
Before us you'll kneel  
We rip your flesh  
We commit every crime  
That are the end times  
We are skinning fat things of their skin  
To create more warriors of our kin  
We kill and burn, torture and maim  
That's what we born for, to bring the pain  
In a dark citadel  
In our iron hall  
Human life exterminators  
Humanity will fall  
Putting the skin on the frame  
Born again the unfleshed and maimed

To walk against humanity  
To end all things in anarchy
