Summer time i like to play with the ocean, take the life
saving misions of a dead mans crawl, you're jumping
in to my little piece of heaven swimming around like a
fish in a bowl my little sister have her imaginary friend
splashing and playin down at the shallow end caught
naked baby you might need a friend but i got you
covered your backs in ma hand

so don't be afraid of the deep end up to your neck
holding your breath no don't be afraid, don't be afraid
of it, don't be afraid you'll only get wet

Now you're contemplating well i'm riding the waves
what will you uncover when we're body surfin babe?
well i like supprises as much as the next we can sail on
your loveboat and watch the sun set

Don't be afraid of the deep end, cause i'm gonna
follow the two by two rule, no don't be afraid, don't be
afraid of it don't be afraid, it feels really good

pop your top
flip you switch
gonna set you off
through caution to the wind

(pop your top)
pop your top
flip your switch
gonna set you off
through caution to the wind
(caution tho the wind)
through caution to the wind

Um don't be afraid of the deep end, don't be afraid to
mime my bucks more, don't be afraid of the deep end,
with out the art of th scary part theres nothing at all, oh
don't be afraid of the deep end, up to your neck
holding your breath ooh don't be afraid of it don't run
away from it don't be afraid (get wet) you'll only get
wet
