I was in my bed a'sleepin', oh-boy, what a dream  
I was in my bed sleepin', oh-boy, what a dream  
I was dreamin' 'bout my TV Mama, the one with the big,  
wide screen

She got great big eyes and little bitty feet and in the  
waist, she's so nice and neat  
She's my TV Mama, one with the big, wide screen  
Every time she loves me, man, she makes me scream

She just taste like candy, boys, I really go for sweets,  
I love her from her head down to her little bitty feet  
Yeah, she's my TV Mama, one with the big, wide screen  
Every time she loves me, oh yes, I'm bound to scream

I'm just kind-a rollin', tumblin', talkin' all out of my head  
Well just I'm rollin' and tumblin', man, I'm talkin' all out  
of my head  
And when my baby shook me, man, I fell right out of  
bed
