Have no fear... Big Joe is here. OHHH you're real crazy
baby-love you madly.

Well all right, well all right. You got yourself a Cadillac
car

Well all right, well all right. You hangin' out in the finest
bars

Well all right, well all right. You've gone just a little too
far.

Well all right, well all right. Your bebops gone to your
head

You used to love me baby now your love is dead.

We used to scuffle for hotdogs tell me where you got
that bread.

Well you ride around with all the finest cats in town

You in your black dress and your sequin gown

Ahh you'll be coming back when the deal goes down

Solos

Down girl down (5x)

You been running all over town

(Call and response)

I said yes, yes (5x)

Yeah ought to know

(Call and response)

Well all right then

Well all reet then

Well all root then

Well all rote then

Well all right then

Well all right, well all right, well all right, well all right

well all
Right then
