Are you here just to pass the time of day
Or is it love that brings you back my way
Did you miss me anytime we've been apart
Are you lookin for a way back to my heart

Are you on the road to lovin me again
Did the trail of yellow brick come to an end
Did you realize the future lies right here where you
began
Are you on the road to lovin me again

I don't need any promises and such
Only you and the way we used to touch
Do I really see or could my heart be blind
Is it really me you're coming back to find

Are you on the road to lovin me again
Did the trail of yellow brick come to an end
Did you realize the future lies right here where you
began
Are you on the road to lovin me again

Are you on the road to lovin me again
Did the trail of yellow brick come to an end
Did you realize the future lies right here where you
began
Are you on the road to lovin me again
