There were words between us
Words that hurt inside
Still that's just no reason to say the word "good-bye"
We can't let go of something beautiful
We can't just let it die
Can't you and I just try to find one reason
To just give us one more try

Couldn't love heal the pain
Couldn't time take the tears away
Couldn't you, you and me
Try again
Couldn't we
Couldn't you, couldn't me, couldn't we
Couldn't we

Start the story over
Turn the page tonight
There's nothing wrong between us
That love could not make right
Can't we forgive and let our hearts forget
Let the love back inside
Can't you and I just get back to those feelings
And feel them just one more time

Couldn't love heal the pain
Couldn't time take the tears away
Couldn't you, you and me
Try again
Couldn't we
Couldn't you, couldn't me, couldn't we
Couldn't we

Couldn't we turn back the hands of time
To a time when love was right
To those nights when the touch was sweet
Can't we find our way back
Before we lose everything

Couldn't love heal the pain
Couldn't time take the tears away

Couldn't you, you and me
Try again

Couldn't we stay together
Couldn't we make it better
Couldn't we turn the page
And start the story over
Couldn't we bring the love back
Couldn't we have one more chance
Couldn't we hold each other just a little closer
