It's obvious that you got it goin on
And I'm kinda feelin ya but
I'm curious if you mean what you say when you say it
And if you're serious about what you wanna do
Cause I have to be honest with you
I'm not into casa nova's telling me what I wanna hear
Just so they can get over
And after they get what they want they're done
Cause I've been [been there] there and done that
[done that]
But you don't really seem like that
you're just so cool
And it just seems to good to be true what you say what
you do
So I gotta be careful
Don't wanna fall too soon
And If I come across sometimes being rude
It's nothing against you it just seems too good to be
true
I'd love for us to keep doing things together
But I don't wanna rush the feeling [don't wanna rush
the feeling]
We can take our time [our time]
I really don't mind
Besides I gotta know what you're waiting for
Cause I don't need no casa nova's telling me what I
wanna hear
Just so they can get over
And after you get what you want you're done
Cause I've been there [been there] and done that
[done that]
But you don't really seem like that
you're just so cool
And it just seems to good to be true what you say what
you do
So I gotta be careful
Don't wanna fall too soon
And If I come across sometimes being rude
It's nothing against you it just seems too good to be
true
I've never met somebody quite like you

Who does everything that I like
Got my head up in the sky
And I never thought I'd be feeling the way I do [way I
do]
Walking around with butterflies day dreaming about
you and I
It's hard to believe cause all of this is new [all of this is
new]
I'm trying my best to not be critical
And it just seems too good to be true
What you say what you do
So I got to be careful, don't want to fall too soon [oh
don't wanna fall too soon]
And If I come across sometimes being rude
It's nothing against you
It just seems too good to be true
To be true what you say what you do
So I gotta be careful don't wanna fall too soon
And If I come across sometimes being rude
It's nothing against you
It just seems too good to be true [to be true]
They don't come like you
Don't wanna fall
If I come across being rude
To good to be true [to be true]
What you say and do
