Heard a million stories about love
Some were good some were bad
I found out if you hold on too tight
You might lose everything you have
Didn't think my heart could easily break
When you fall in love that's a chance you take
Now I know
From these lessons that I learned from loving you

Chorus:

I know that everybody makes mistakes
I hope you still believe it's not too late
Cause I don't care about what people think or say
I'd rather take a chance with you
I'd rather be in love than be alone
But I never knew that love could hurt so much
Ummmm ohhhh So much

I found it in my heart to forgive
But it's hard to forget
Cause everyday the vision creeps in
Of you and somebody else
All my girls told me that you'd go
But I know that one I still love you so
I'll hold on
Till I gain back the trust that I had in you
I know that everybody makes mistakes
I hope you still believe it's not too late
Cause I don't care about what people think or say
I'd rather take a chance with you
I'd rather be in love than be alone
But I never knew that love could hurt so much
It's killing me but I'll get over it
But I made my commitment to you
Even though it's gonna leave a scar
Can't ever change what's in my heart (oh no)
I'll do whatever to stay together ohhhhhh

I know that everybody makes mistakes (yes I know hurt
me so)
I hope you still believe it's not too late (it's not too late)

Cause I don't care about what people think or say (or
say)
I'd rather take a chance with you
I'd rather be in love than be alone
I know that everybody makes mistakes (hope you do)
I hope you still believe it's not too late (people think or
say what they want
To

Say)
Cause I don't care about what people think or say (hurts
so bad)
I'd rather take a chance with you
I'd rather be in love than be alone
But I never knew that love could hurt so so much
