Chorus:

Don't you worry love is on the way
I really miss you
As we lay we'll rock the night away
You just name the time and place

I know you miss me
And I've been missing you
Before you know it
I'll be right there next to you

No matter the distance
Your still in my heart
Baby I'm with you
Even though we apart
So don't you worry

Chorus:

Don't you worry love is on the way
I really miss you
As we lay we'll rock the night away
You just name the time and place

I'm never too busy
When it comes to loving you
Just hold on I'll be there
I have plans for me and you

We can hide away in our secret place
The two of us alone again
A special place
Where our love began
So don't you worry

Chorus:

Don't you worry love is on the way
I really miss you
As we lay we'll rock the night away
You just name the time and place

We can hide away in our secret place

Just you and me, hide away late at night baby
A special place where our love began
That's where our love began
