Verse 1:

Hush...don't say a word,
'cus I already know what you're thinkin' (yeah).
Things just got more complicated,
But we can't fake it, this is real, so let's just go with it.

Chorus

We became more than just friends,
Where do we go from here?
After the morning after.
I let you in,
What's the next move to make?
The morning after.

Verse 2

Hush, don't say a word,
I can't even explain how im feelin', feelin' lyin' next to
you,
Ohhh it feels so good,
Don't let the words ruin the moment,
Please, don't say nothin'.

I know you might feel guilty babe,
Don't let the mind do the speakin',
Just let the heart do tohe leapin',
'cus we gave eachother, what we both wanted.
Look what we've started!

Chorus

We became more than just friends,
Where do we go from here?
After the morning after.
I let you in,
What's the next move to make?
The morning after.

Bridge

Baby I can't help but see it,
You gave me what I needed,
It's the way that I, can't deny,
I love you so.

The longer that I'm with you,
The more I see that I need you.
Let's take what we had, and make it last,
For evermore!

(key change)

Chorus (3x)
We became more than just friends,
Where do we go from here?
After the morning after.
I let you in,
What's the next move to make?
The morning after.

Ohh, where do we go? yeah....
