Ever since I saw you
I can't close my eyes
Without your face appearing there
And that scares me
All the best intentions
Still I'm led astray
Even though I know it's wrong
I can't stay away
You're under my skin
Now you're under my skin
You found the way to get in
I know
I tried to walk away
How'm I s'posed to live without you
Baby when you're under my skin
Your under my skin
You could snap your fingers
I could kick myself
'Cos every time you call my name
I would follow
You'd think I'd know better
Not at all like me
Sitting here just wishing
I had the nerve to say
You're under my skin
Now you're under my skin
You found the way to get in
I know
I tried to walk away
How'm I s'posed to live without you
Baby when you're under my skin
I thought by now that you would know
I'm just a girl who can't say no
