I wanna dance with Harry Dean, Drive through Texas in
a black limousine
I wanna piece of heaven before I die
I wanna pair of big high heels, Catch the lights up on
the ferris wheel
But what I really want I just can't buy

Here comes the 21st century
It's gonna be much better for a girl like me
'Cause I want everything I can
But most of all I want that man, I want that man

I wanna move like what's his name, I'll keep the money,
you can ha-ave the fame
Everything that's yours will soon be mine
Yeah, I wanna be the queen of the USA, You can send
me roses every other day
But what I really want I just can't buy

Here comes the 21st century
It's gonna be much better for a girl like me
'Cause I want everthing I can
But most of all I want that man, I want that man

I wanna be kissed from head to toe, By that man i-in
the very back row
But he won't even look me in the eye
Ahh-ah, I want his love to rain right down on me
I want him to be king of all my dreams
But what I really want I just can't buy

Here comes the 21st century
It's gonna be much better for a girl like me
'Cause I want everything I can
But most of all I want that man, I want that man

I want that man, (I want that man)
I want that man, (I want that man)
I want that man, (I want that man)
I want that man, (I want that man)
I want that man, I want that man

I said I want that man, Do you get the message
I want that man (fade)
