Sometimes you won't just walk away, and leave it all oh
yeah you do

Then you hear a voice soft and low, sis don't you cry
cause I'll pull you through.

Bridge: You may not need money cause you lived your
life the best that you could, you been a sugar baby to
cry a few you know I'm talking to you.

Chorus: Someday a change is gonna come-It may not
be right now oh yeah yeah yeah, sometimes you got to
hold on-Hold on oh cause your help is on the way yes it
is.

So you weigh the cost then you ask yourself, what can
you lose cause you got nothing else, so you pack your
troubles to walk away cause there's no weak such to
stay yeah yeah.

(Bridge)

(Chorus 2x)

Vamp: Said you gotta hold on (yeah yeah)

You gotta hold on (gotta hold on)

Yes you do (yes you do)

Oh yes you do (oh yes you do)

(Chorus)
